

Case Study: Residential

Client: Myatts Field

Location: North Lambeth, London

Summary:

This is a major project, remodelling the Myatts Field North estate to make it a more open, welcoming and green environment. It is a 25 year Private Finance Initiative (PFI) project and will be built by the Regenter Myatts Field North consortium.

The redevelopment will include the building of over 300 replacement homes, the modernisation and refurbishment of more than 170 homes and an additional 350 new homes, of which 10% will have full wheelchair access.
